**Subject:** [External] Dominion Rate Hike

Good afternoon,

I received a flyer in regards to the proposed rate hike by Dominion Energy. I am saddened and appalled that a rate hike is being requested during such a financially devastating and trying time for so many Dominion Customers. I am sickened that Dominion requests this hike after the inadequate compensation received for the failed SCE&G project by customers. I believe that Dominion Energy is taking advantage of the fact they have a monopoly on utilities and therefore have their customers at their mercy, I hope that these things will be taken into consideration before allowing them to raise rates. If the rate hike cannot be stopped, I hope that it can be deferred until an economic recovery has occurred.

Thank you for allowing me to vent.

Sincerely,

Shannon M. Rea
